Thursday, September 25, 2014

**Schedule**
Registration 6:00 PM  
Dinner 6:30 PM  
Program 7:30 PM

**Abstract**

ASM Edmonton is happy to announce that the fourth annual Student Night is the opening dinner meeting of the 2014-2015 technical calendar. The ASM Student Night will feature several industry professionals from both University of Alberta and NAIT technical backgrounds who will provide insight on the necessary steps required for a Materials graduate to get the most out of their educational experience and develop a successful career. Professional ASM members will also have the opportunity to meet and interact with the future graduates of both the NAIT and the University of Alberta programs and to share their personal experiences with Materials Engineering and their career development. Students wishing to join the Materials Advantage program and gain access to such societies as ACerS (The American Ceramic Society), AIST (Association for Iron & Steel Technology), ASM International, and TMS (The Minerals, Metals and Materials Society) can apply directly at the dinner meeting. There will be computer access and ASM representative assistance available during the registration period before the dinner. Additional information can be found at [http://materialadvantage.org/](http://materialadvantage.org/).

---

$25 for members of the affiliated societies (ASM, AWS, NACE, CWS, SME and CSME)  
$35 for non-members
