

Hello,

My name is Ivy and I would like to be your VP Academic of the Mechanical Engineering Club for the 2018-2019 school year! I am going into my fourth year of Engineering this fall. In the past year, I have been an active member of the Mechanical Engineering Club by serving as one of the Third Year Representatives as well as helping run club events such as the Student Prof mixer. I hope to further my involvement in Mechanical Engineering Club by becoming your VP Academic.

If elected your next VP Academic, I shall

- Continue the good work done by past VP Academics in making available course notes for MecE 360 and MecE 451
- Look into the possibility of expanding the variety of course notes MecE club offers
- Update the MecE exam bank

Thank you for your time and I hope that you will consider voting Ivy to be your next VP Academic!

Sincerely,

Ivy Friesen
